Open University Courses at the University of Oulu

The Software Engineering and Information Systems (SEIS) -degree programme is offering to XUT- students a possibility to take up to four University of Oulu Master's level courses. The courses are provided in distant education form, and (at the moment) for free.

If you pass 3 of these 4 courses with the average grade of at least 3 (of 5), you are eligible to the SEIS Master's programme via the "Open Path" (Selection Method 1: Open University Studies), without normal selection process. Via this method, 30 students can be selected. If you will start your studies in SEIS programme, these passed courses will be already included in your master's degree studies.

- The courses are normal UO Master's level courses
- You study together with the UO students
- The courses are studied in UO Moodle learning environment
- The course requirements and teaching are the same as for UO students
- All 4 courses are given in the autumn semester 2024
- Enrolment to all four courses is open now in Open University registration system: https://opiskelemaan.peppi.oulu.fi/
- Please do not delay the enrolment because the courses are filling up fast.

The first two courses, in study period 2.9.-1.11.2024, are:
- Software Development, Maintenance and Operations (5 ECTS)
    - https://opas.peppi.oulu.fi/en/course/AY811372A/11701?period=2024-2025
- Digitalisation and Innovation (5 ECTS)
    - https://opas.peppi.oulu.fi/en/course/AY812352A/11703?period=2024-2025

The following two courses, in study period 28.10.-31.12.2024, are:
- Professional Software Engineering Processes and Human Factors (5 ECTS)
    - https://opas.peppi.oulu.fi/en/course/AY811373A/11702?period=2024-2025
- Servitisation, Co-Creation and Business Development (5 ECTS)
    - https://opas.peppi.oulu.fi/en/course/AY812354A/11617?period=2024-2025

More information of SEIS Master's programme is available here:
https://www.oulu.fi/en/apply/masters-software-engineering-and-information-systems

The application period for international master's programmes will be on January 8-22, 2025. If there will be more than 30 applicants eligible with the "Open Path" method, the selection ranking is based on the grades of the passed courses.

If you have any questions related to the enrolment or starting of the courses, or about the SEIS Master's programme, you can contact Ms. Virpi Viio (virpi.viio@oulu.fi).

If you have any questions about the courses, their content or implementation, you should contact the teacher of the course (generally the address: givenname.familyname@oulu.fi).
